# Copper Tube

All copper supplied by Air Conditioning Group is of the highest refrigeration quality and conforms where relevant, to BSEN12735-1, ASTM B280-86 and ASTM B88. Soft coiled copper tube is in the annealed to R220 Standard and straight lengths half hard (1/2H) to R250 or fully hard (H) to R290. All of our copper is PED stamped and certificates are available.

# Insulation

Vidoflex is manufactured using the latest processes to create a Class 'O' product of superior quality. Available in a wide range of wall thicknesses and pipe sizes in both 2 metre lengths and 15 metre bagged rolls. To help speed up your time on site this product is supplied pre-chalked using a unique process to ensure the chalk stays where you need it.

## 2 Valve Manifold

**EL66300**

List £70

R410A, Bar and PSI, Deg C.  
5/16" SAE. Connections.

## 4 Valve Manifold Kit

**EL75172**

List £183

R410A, & 3x72" hoses  
5/16" SAE  
Includes carry case

## 2 Valve Manifold Kit

**EL66372**

List £129

R410A, & 3\* 72" Hoses  
5/16" SAE  
Includes case

## 4 Valve Manifold

**EL75300**

List £109

R134A, R404A, R407C & R22  
1/4" SAE.

## 2 Valve Manifold

**EL74300**

List £94

R134A, R404A, R407C & R22  
1/4" SAE. Connections.

## 4 Valve Manifold

**EL75700**

List £116

R410A, Bar and PSI, Deg C.  
5/16" SAE.

## 2 Valve Manifold Kit

**EL84372**

List £146

R134A, R404A, R407C & R22  
Includes 3x72" hoses & case  
1/4" SAE.

## 4 Valve Manifold Kit

**EL75372**

List £165

R134A, R404A, R407C & R22  
Includes 3x72" hoses & case  
1/4" SAE.

## PVR Nitrogen Pressure ar List PVRM01

List £261

0-1000 mbar vacuum gauge  
0-50 bar pressure gauge  
For use on all air conditioning systems

## TRSTO 550 Manifold

**Net Cost POA**

2 temperature probe connections.  
Backlit display.  
Timed tightness test.  
Fast 30 second set up  
Automatic switching of Hi/Lo pressure  
Min/Max/Mean and differential temp.

## Rhino Secure 3m Tube Carrier for Vehicles - RP12

List Price

POA

Manufactured in light but strong powder coated aluminium tubing with aerodynamic designed glassed filled end cones to ensure minimal wind drag and maximum style. Large capacity - eg 54 \* 3m lengths of 1/2" copper.

## LFT-230 Installation Lifter

**Special Introductory Price**

**POA**

Zinc coated steel construction  
Voltage: 230 V  
Max. lifting height: 3M  
Load Capacity: 130kg

This unique installation lifter allows you to accomplish most overhead installations on your own, and the unique internal guide wires enhance operating safety.

The zinc coated steel construction offers stability and robustness without excessive weight. The remote controller allows continuously variable speed of operation, and the LFT-230 comes with a dedicated carrying bag and can be deployed very quickly. The telescoping tripod legs are fully adjustable and work perfectly on slopes, uneven terrain or even stairways.
